

May 17, 2006

To Whom It May Concern:

Jon Petz, Magical Experiences presented to our National sales force of 70 representatives at our National Sales Meeting in May 2006.

Jon's presentation was dynamic, motivating and he was able to captivate the audience and keep them completely involved throughout the presentation. Jon took extra time to learn about our business and company and incorporated what he learned in to his presentation. His ideas of "thinking out of the box" were perceived well by our sales force. Our representatives were motivated by the presentation and said they can't wait to have Jon back at our next National sales meeting.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark M. Martin', written in a cursive style.
